Selection of Presentation Times

The NTS session will be held on Monday in two sessions. The order of the presentations will be determined at random selection. The selection will take place at the PPSA offices after acceptance of the abstracts. The purpose is to eliminate any preferential treatment or screening of the submissions. The only screening of the submissions will be the determination of a “new” product, service or application.

All applicants will be notified of their individual time slots immediately following the selection. The resulting showcase schedule will be published in the conference program booklet.

Am I Eligible?

Any speaker may apply for a spot in the New Technology Showcase; *however preference will be given to exhibitors and sponsors of the conference.* All presenters must be a registered attendee of the conference.
